TOWN OF HANOVER

Hello Ms. Shoemaker,

My name is George Nasr I am the owner of Nasr Jewelers which has been a part of the Hanover community since 1996. I am reaching out to you today to show support for the proposed development submitted by PREP for a mixed use project at the Hanover Mall location. It is my understanding the proposal is under review with the Hanover Zoning Board due to height restrictions as well as other factors. As a retail business owner I believe any potential new income to the community could only be beneficial to my small business and the town, the reason I support moving forward. If I could request this also be forwarded to Matthew Perkins I would greatly appreciate it. Thank you for your consideration in this matter.

Fondly,
George
