

By signing this petition, I am showing my support of the Hanover Crossings proposed project which includes a retail redevelopment and addition of a residential component as outlined in the attached ZBA notice. This revitalization of the existing Hanover Mall will be an asset to the town with the addition of new retailers, restaurants, entertainment, and a community gathering location

6.300 – PLANNED SHOPPING CENTER DISTRICT

The purpose of the Planned Shopping Center District is to provide for the orderly maintenance, development and growth of the district as an area shopping center which provides goods and services at retail for residents, transients and tourists and to assure that shopping centers in the district are allowed to evolve and change in a commercially competitive manner consistent with current industry standards for area shopping centers, while avoiding commercial blight and protecting the Town from adverse impacts associated with unplanned development.

TOWN OF HANOVER
