RE: Hanover Crossing

Dear Chairman Perkins and Board Members,

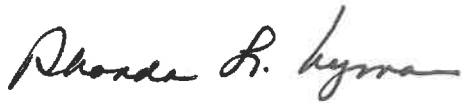

Please accept this letter as an expression of my support of PREP to redevelop the Hanover Mall and the proposed development of residential units by Hanover Company. As a former State Representative for Hanover and resident for the past 45 years, I respectfully ask that you consider the importance of this mixed-use project and support the two variances as requested by PREP.

The Hanover Mall is an ideal location for this residential and commercial development. The creation of 297 units consisting of one bedroom, two bedroom and studio apartments will provide housing opportunities for Hanover's aging population, empty nesters and millennials. Furthermore, residents at Hanover Crossing will be able to find convenient and walkable access to retail shops, restaurants and entertainment.

For these reasons, I am pleased to offer my support of the mixed-use development and hope that PREP and Hanover Company will have the opportunity to make this a reality for the Town of Hanover.

Thank you in advance for your time and consideration on this matter.

Sincerely,

Rhonda L. Nyman
20 King Phillip Lane
Hanover
