RE: Hanover Crossing Project, Hanover, MA

Dear Mr. Perkins and the Hanover ZBA Board Members,

We are writing to you in support of the entire Hanover Crossing Project, specifically with regards to the proposed residential development consisting of "luxury" apartment rentals.

We are the owners of multiple commercial buildings in Cohasset, Hanover and Norwell. We have reviewed the Hanover Crossing information, including the ZBA application, PowerPoint Presentation, and the proposed construction plans. We are confident this project will provide a strong boost to the economy of Hanover and the surrounding communities in which we do business.

As a local landowner and landlord, we support the addition of residential housing units to increase the consumer population in the immediate area. We respectfully recommend the Hanover ZBA approve the PREP Hanover petition.

Sincerely,

Richard Walker
